Holiday Gift-Making Fun

Residents had a wonderful time creating special holiday gifts. A heartfelt thank-you to the students from St. Mark's School for lending a helping hand.

Joan Bucher

Your time, enthusiasm, and kindness helped make this event a great success.

Ilga Richters & Kay Tarpinian

A Showcase of Amazing Talent

Our annual Talent Show was a wonderful success. Many thanks to all the talented residents who took the stage and shared their gifts during this fun-filled day of laughter, entertainment, and community spirit.

Dec 7: Fraud & Protection for Seniors (Pt. 2)

Did You Know?

FILE OF LIFE

This medical information form provides emergency responders with quick access to essential health details, such as existing medical conditions and allergies, current medications, and emergency contacts. The File of Life is especially important during medical emergencies when an individual is unable to communicate and every minute counts.

MOLST

The MOLST (Medical Orders for Life-Sustaining Treatment) form documents an individual's wishes for life-sustaining treatment and end-of-life care. Signed by a medical professional, it provides legally binding instructions for emergency responders and hospital staff. Residents with a MOLST are urged to confirm that New Horizons has a copy on file.

Meet Your New Neighbors

Jacquelyn 'Jackie' Walsh

Jackie was born in Glens Falls, New York, and raised in Dedham, Massachusetts. She attended MassBay Community College prior to pursuing a long and fruitful career as a registered nurse specializing in hospice care. She spent 65 years living in Stoughton, where she raised her two children.

A grandmother of two, Jackie is most proud of her family, her nursing career, and her more than 30 years in the Secular Franciscan Order. She enjoys collecting Hummels, gardening, doing yard work, walking, exercising, and dancing.

Jackie is also an enthusiastic traveler. She has visited Rome, Medjugorje (a Catholic Pilgram village), and other destinations in Italy, and has enjoyed many cruises. Her favorite parts of travel are discovering new places and learning about different cultures.

At New Horizons, Jackie looks forward to making new friends, participating in outings, and embracing new adventures.

John Wilson

The youngest of 11 children, John was born and raised in Needham, Massachusetts. He later moved to Sudbury, where he and **Mary Faith**, his beloved wife of 60 years, raised their five children. They now have nine grandchildren.

John served as a Seabee in the United States Navy, working construction in Guam and Alaska. This skilled carpenter and brick mason remembers Alaska's unique volcanic landscape as being especially beautiful. Back at home, he made a lasting impact on Sudbury by founding the town's youth soccer league, first taking the initiative to study the game and then introducing it to local children. His efforts earned him recognition in the newspaper.

John takes great pride in his family, his Irish heritage, and the soccer league he helped establish. He also enjoys birdwatching, sports, exercise, outings, church, and travel. One of his most memorable adventures was a 30-day trip to Los Angeles. John, Mary Faith, and their two teen daughters made the voyage in a tent trailer.

At New Horizons, John looks forward to being closer to his children, attending church, meeting new friends, and continuing to enjoy the activities he loves most.

*Please join us in extending a warm welcome to **Jackie** and **John** as they settle into their new homes.*
